

# SAFETY DATA SHEET

BGF-145

Date prepared: 5/31/2015

## **Section 1: Identification**

**Chemical Product Name/Identifier:** Laminated Aramid Composite

**Finish:** A445, A819

**CAS Number:** 26125-61-1

**Synonyms:** Laminated p-Aramid

**Recommended Use and Restrictions on Use:** Woven textile product used for reinforcement in various resin systems

**Company Information:** BGF Industries  
3802 Robert Porcher Way  
Greensboro, NC 27410

**Telephone:** 800-476-4845, 336-545-0011

**Email:** [info@bgf.com](mailto:info@bgf.com)

**Website:** <http://www.bgf.com>

## **Section 2: Hazards Identification**

**OSHA HCS Status:** This product is not hazardous chemical, as defined by OSHA at 29 CFR 1910.1200. The finished product has not been tested.

**Relevant Route of Exposure/Target Organs:** Dermal, Inhalation

**OSHA/GHS Signal Word and Hazard Statements:** None

**OSHA/GHS Classification and Pictograms:** None

**OSHA/GHS Precautionary Statements:**

### **Prevention**

Avoid breathing fibers or dust. Use only outdoors or in a well-ventilated area. Keep containers tightly closed.

### **Response**

If inhaled: Remove victim to fresh air and keep comfortable for breathing. Call a poison center/doctor/physician if you feel unwell.

If skin irritation occurs: Get medical advice/attention.

### **Storage**

Store in a well-ventilated place. Store locked up. Keep container tightly closed.

### **Disposal**

Dispose of contents/container in accordance with local/regional/national/international regulations.

**GHS Hazard and Precautionary Statement Codes:** See Section 16.

**Section 3: Composition/Information on Ingredients**

**Chemical Product Name:** Laminated Aramid Composite

**Synonyms:** Laminated p-aramid

Component	CAS #	Max % by weight
Poly (terephthaloychloride/p-phenylenediamine	26125-61-1	75.0
Textile sizing and lubricants	Not assigned	0.5
Absorbed water	Not assigned	1.5
Thermoplastic Urethane	Not assigned	25.0
Ethylene Acid Copolymer	Not assigned	25.0

Note: The exact concentrations of the above listed chemicals are being withheld as a trade secret.

**Section 4: First-Aid Measures**

**Skin Contact:** Flush with ample cool water followed by washing with mild soap to remove accumulated fibers.

**Eye Contact:** Flush with flowing water for 15 minutes – seek medical attention if necessary.

**Inhalation:** Move to fresh air.

**Ingestion:** Not likely to occur through normal use. Should ingestion occur, seek medical attention.

**Most Important Symptoms/Effects:** Direct skin contact with fibrous glass or its dust may cause mechanical irritation and transitory dermatitis. Breathing of fibers or dust may cause mechanical irritation of the mouth, nose, and throat.

**Indication of Immediate Medical Attention and Special Treatment Needed:** Get medical attention if product comes into contact with skin or eyes, or if it is inhaled or ingested.

**Section 5: Fire-Fighting Measures**

**Extinguishing Media:** Water, dry powder, or foam (needed for packaging only).

**Hazardous Combustion Products:** CO, CO<sub>2</sub>, and low molecular weight hydrocarbons.

**Protective Equipment:** Firefighters should be equipped with self-contained breathing apparatus and turn out gear.

**Fire Fighting Procedures/Precautions:** Aramid itself will not support combustion, but in a sustained fire, proper protection against products of combustion from the fuel must be worn.

**Section 6: Accidental Release Measures**

**Personal Precautions:** A release of this product is not expected to pose risks to workers under normal circumstances. If the material is involved in a fire, or if dusts are produced, no action shall be taken involving any personal risk or without suitable training. Keep unnecessary and unprotected personnel from entering. Put on appropriate personal protective equipment.

**Protective Equipment:** Wear protective gloves/eye protection/skin protection.

**Methods/Materials for Containment and Cleaning Up:** Dust or loose fibers can be vacuumed or swept with the aid of a dust suppressant. Dispose of in accordance with all government regulations. Do not discharge into waterways or sewer systems without proper authority.

**Section 7: Handling and Storage**

**Precautions:** This product should be handled under conditions of good industrial hygiene and in conformity with any local regulations to avoid unnecessary exposure. Use in a well-ventilated area. Do not breathe dust. Avoid contact with skin.

**Storage:** Store in a well-ventilated, dry location.

**Section 8: Exposure Controls/Personal Protection**

**Exposure Limits:** p-Aramid fibers as such are not subject to any exposure regulation.

Component	AEL <sup>a</sup>	AEL <sup>a</sup>
Aramid dust/fibers*	2 RFP/cc (Respirable Fibers)	5 mg/m <sup>3</sup> (Non-fibrous particulate and/or non-respirable fibers)

\* Dust may be produced during handling

a. DuPont's Acceptable Exposure Limit.

**Engineering Controls:** Normal area ventilation is sufficient in most cases to keep dust and fiber levels below the AEL.

**Personal Protection Measures/Equipment:**

**Skin Protection** – Barrier creams, gloves, and long sleeve loose fitting clothing may be required for certain workers who have sensitive skin or contact dermatitis. Work clothing should be laundered separately from other clothing before reuse.

**Eye Protection** – Not normally required, but as a good safety work practice, eye protection such as safety glasses/side shields or equivalent whenever use of the product releases airborne fibrous aramid.

**Respiratory Protection** – MSHA/NIOSH approved respiratory protection can be used.

**Other Protection** – Observe good personal hygiene.

**Section 9: Physical and Chemical Properties**

**Appearance (physical state, color, etc.):** Solid, yellow

**Odor:** Odorless

**Odor Threshold:** None

**pH:** None

**Melting Point/Freezing Point:** - Thermoplastic urethane (melts between 248°F and 320°F)  
 - Ethylene Acid Copolymer [melts between 160°-260°C(320°-500°F)]  
 - Aramid (does not melt)

# SAFETY DATA SHEET

BGF-145

Date prepared: 5/31/2015

**Initial Boiling Point:** Not applicable

**Flash Point:** Not applicable

**Evaporation Rate:** Not applicable

**Flammability:** Not applicable

**Upper/Lower Flammability or Explosive Limits:** Not applicable

**Vapor Pressure:** Not applicable

**Vapor Density:** Not applicable

**Relative Density/Specific Gravity:** Not known

**Solubility:** Insoluble

**Partition Coefficient:** Not known

**Auto-ignition Temperature:** Not known

**Decomposition Temperature:** >932°F (500°C) for Aramid

**Volatility:** Not known

**Viscosity:** Not applicable

## **Section 10: Stability and Reactivity**

**Stability:** Stable at ambient temperatures. Not self-reactive, water-reactive, or spontaneously combustible

**Hazardous Reactions:** Under normal conditions of storage and use, hazardous reactions will not occur.

**Conditions to Avoid:** Strong bases and acids will cause chemical decomposition. Temperatures over 932°F (500°C) will cause decomposition.

**Incompatible Materials:** Aromatic polyamides react with strong oxidizing agents. Over time, UV light will cause a darkening of the fabric and adversely affect the strength.

**Hazardous Decomposition Products:** May produce carbon oxides, organic compounds of low molecular weight and hydrogen cyanide in low concentration.

**Hazardous Polymerization:** Will not occur under normal temperatures.

## **Section 11: Toxicological Information**

**Relevant Route of Exposure/Target Organs:** Dermal, Inhalation

**Symptoms:** Dust may cause irritation.

**Delayed and Immediate Effects:** Not known

**Chronic Effects (Short and Long Term Exposure):** Not known

**Numerical Measures of Toxicity:**

p-Aramid : Oral LD<sub>50</sub> (rat): >7,500 mg/kg

# SAFETY DATA SHEET

BGF-145

Date prepared: 5/31/2015

**Carcinogenicity:** None of the ingredients present in this material at concentrations equal to or greater than 0.1% are listed by IARC, NTP, or OSHA, as a carcinogen.

**Mutagenicity:** No data available

**Reproductive Toxicity:** No data available

## **Section 12: Ecological Information**

No data available

## **Section 13: Disposal Information**

Do not discharge into waterways or sewer systems without proper authority. Dispose of in accordance with all government regulations.

## **Section 14: Transport Information**

Not regulated as a hazardous material/dangerous good for transportation in all modes of transportation (US DOT, ICAO/IATA, IMO).

## **Section 15: Regulatory Information**

**TSCA Inventory Status:** Exempt per section 8(a), 710.2(f), and 704.5(a)

**SARA Title III Section 302:** None

**SARA Title III Section 304:** None

**SARA Title III Section 311/312 Hazard Categories:** Immediate (acute)

**SARA TITLE III Section 313:** This product does not contain components that are subject to the reporting requirements of Section 313 of the Emergency Planning and Community Right to Know Act of 1986 (EPCRA or SARA Title III) and 40 CFR 372.

**CERCLA RQ:** Not listed

**California Proposition 65:** None known

**Massachusetts Right-To-Know:** Less than reportable quantity

**New Jersey Right-To-Know:** Less than reportable quantity

**Pennsylvania Right-To-Know:** Less than reportable quantity

**Canada:** All components of this product are included on the Domestic Substances List (DSL) or are not required to be listed on the Canadian DSL.

**Europe:** All components of this product are included on the European Inventory of Existing Commercial Chemical Substances (EINECS) or are not required to be listed on the EINECS.

**China:** All components of this product are included on the Chinese Inventory (IECSC) or are not required to be listed on the Chinese IECSC.

**Japan:** All components of this product are included on the Japanese (ENCS) inventory or are not required to be listed on the Japanese inventory.

**Korea:** All components of this product are included on the Korean (ECL) inventory or are not required to be listed on the Korean ECL.

**Philippines:** All components of this product are included on the Philippine (PICCS) or are not required to be listed on the Philippine PICCS.

**Australia:** All components of this product are included on the Australian (AICS) or are not required to be listed on the Australian AICS.

## **Section 16: Other Information**

**Date of Preparation or Revision:** 5/31/2015

This product is classified as a Skin Irritant Category 3, however OSHA does not include Category 3 substances in its hazard classification system.

### **GHS Label Hazard Statement Codes**

Signal Word: WARNING

H316: Causes mild skin irritation

H335: May cause respiratory tract irritation.

### **GHS Label Precautionary Statement Codes**

P261: Avoid breathing dusts or fibers.

P271: Use only outdoors or in well-ventilated area.

P304+P340: IF INHALED: Remove victim to fresh air and keep at rest in a position comfortable for breathing.

P312: Call a POISON CENTER or doctor/physician if you feel unwell.

P332+P313: If skin irritation occurs: Get medical advice/attention.

P501: Dispose of contents/container in accordance with local/regional/national/international regulations.
